

**SPD3245 Web Systems and Technologies**  
**Individual Assignment**  
**Classwork (10%)**

**The Task**

1. Increase teacher-student interaction and student-students interaction during lessons.
2. Help students to maintain a steady progress in order to perform well in tests, examination and career.
3. The teacher will ask students to answer questions verbally, using pen-and-paper, show-of-hands, mobile phones and other methods whenever appropriate.

**Submission**

- The students will be required to submit their answers mainly in the form of answers to polls conducted using mobile phones during lesson time. Occasionally, students have to submit their answers by the end of lab sessions or lectures.

**Marking Criteria**

Student will get full marks for this classwork by

- a. Actively answering 70% of the questions.
- b. In the questions they attempted, getting at least than half of the answers correct.

**Notes on Poll Everywhere**

1. An account has been created for you. For example, [14123456S@student.speed-polyu.edu.hk](mailto:14123456S@student.speed-polyu.edu.hk). Do not register your own account. You must use Single-Sign On.
2. Due to technical limitations, the angle brackets will not be used in my questions and your answers. For example:

*Question: The \_\_\_\_\_ tag should be the first line of an HTML document.*

*Your answer: !DOCTYPE html.*

3. Each word that should appear in the answer will be represented by underscores (\_\_\_\_). For example,

*Question: www stands for the phrase \_\_\_\_\_.*

*Your answer: World Wide Web*

\*\*\* The End \*\*\*
